(54) Title: IMPROVEMENTS IN AND RELATING TO CLEANING IMPLEMENTS

WO 03/062365 A3

(57) Abstract: Disclosed herein is a cleaning article which includes a substrate onto which a surfactant comprising cleaning composition is partially impregnated, leaving a portion of the substrate not impregnated with the composition. The impregnated part or side of the substrate is used to clean surfaces, especially vitro-ceramic surfaces while the unimpregnated part or side of the substrate is then used to dry and buff the cleaned surface.

* Special categories of cited documents :

- *A* document defining the general state of the art which is not considered to be of particular relevance
- *E* earlier document but published on or after the International filing date
- *L* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- *O* document referring to an oral disclosure, use, exhibition or other means
- *P* document published prior to the International filing date but later than the priority date claimed

- *T* later document published after the International filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- *X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- *Y* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
- *&* document member of the same patent family
